

## UK Extension Community Needs Assessment Summary of Respondents' Comments Logan County

A statewide survey was conducted between August and December 2023 to understand Kentuckian's perceptions of the extent to which practical education and assistance is needed in their communities. More than 35,000 Kentuckians, representing all 120 counties of the Commonwealth, responded to the survey. The survey consisted of four scales targeting needs related to: Agricultural and Natural Resources, Youth Development, Family and Individual Development, and Community and Economic Development. State- and county-level survey results are available <a href="here">here</a>. The survey also included an open-ended question that asked respondents to describe other issues in their communities that need practical education and/or assistance. The table below summarizes responses to this question.

Summary of Respondents' Comments (N=18)

|                 | Summary of Respondents Comments (N                |             | 0/ 4  |
